Social skills and competences	I knows how to relate well to people in the workplace. Not having so much experience,I prefer to work in a group than alone to improve my skills and do the work in the best possible way.
Organisational skills and competences	When I am assigned a task,I organized myself before starting to work in order to have the materials available and to be able to perform a task in the best way and in the shortest possible time.
Technical skills and competences	At school I have learned to use the electrod welding machine,manual lathe and workshop tools.
Computer skills and competences	Good knowledge of the internet,e-mail and diagnostic systems
